REPLY TO GERMANS DELAYED TO SATURDAY

Five Days from the Time of Its Delivery Germany Must Notify the Allies What Course She Will Pursue.

Paris, June 12.—There was increasing belief in peace conference circles to-day that the reply to the German counter proposals would not be ready for delivery before late Saturday night.

Five days have been definitely fixed as the limit within which the Germans must decide upon their course.

The reply to the counter proposals, according to French sources, agrees to a plebiscite in upper Silesia, subject to certain clearly defined conditions.

FRENCH LEADERS PLAN RESUMPTION OF WAR

In the Event That Germany Does Not Sign the Treaty of Peace—Marshal Foch, Gen. Weygand and Premier Clemenceau Meet.

Paris, June 12.—Marshal Foch and General Weygand had two conferences yesterday with Premier Clemenceau, at which they discussed the immediate resumption of hostilities and a concerted advance by the allies, says Marcel Hutin in The Echo de Paris.

The general opinion is, the writer adds, that Count Von Brockdorff-Rantzau has committed himself too far to be able to sign the treaty. It is also believed that the Scheidemann ministry will be swept away to make room for a ministry of moderate independent socialists, which will be joined by Mathias Erzberger, the former German armistice commissioner. This ministry, it is declared, would be disposed to accept the allied conditions, which it will do about July 1.

ATTEMPT TO FORCE VOTE ON LEAGUE

Senator Knox Leading the Move in the Senate to Get Immediate Action on the League of Nations.

Washington, D. C., June 12.—The Senate to-day again turned its attention to the more direct issues involved in the league of nations fight. The investigation of how copies of the peace treaty reached New York was suspended after revelations that Thomas W. Lamont gave a copy in Paris to Henry P. Davison, his partner in the firm of J. P. Morgan and Co., and that Mr. Davison brought it to New York and gave it to Elihu Root, who showed it to Senator Lodge.

The foreign relations committee took up the resolution of Senator Knox, proposing that the Senate declare in definite terms its stand regarding the league covenant. The general prediction was that the resolution would be reported to the Senate during the day, possibly stirring up another debate on the subject. Action must go over under the rules, however, until to-morrow, when Senator Knox expects to begin an effort to bring it to a vote.

Coblenz, Wednesday, June 11 (By the Associated Press).—The movement of war material by the Germans from territory beyond the occupied areas continues, according to German newspapers. The beginning of this withdrawal was made several weeks ago when there was a lull in peace negotiations. The withdrawal of troops from various sectors opposite the allies' bridgeheads is also reported.

Several days ago the removal of material from the Frankfurt area began. Most of this material is going in the direction of Cassel, but there are no indications that it is being unloaded there. Frankfurt is on a line over which the Americans would advance should the allies be ordered to move further into Germany. Beyond the Coblenz bridgehead much war material has been withdrawn for a distance of more than 60 miles. In the Ruhr district the military retirement is virtually complete.

According to German newspapers, industrial plants, banks and civilians east of the Rhine have received evacuation orders for eventualities in case allied forces move eastward. It is reported that schools have postponed examinations scheduled for this week.

Vermont Secretary of State Hears Much About Auto Mishaps.

Several reports of accidents have been made to the office of the secretary of state in the last few days. These include the following: P. B. Swan of Montpelier, whose car was slightly damaged June 3 and who sold his car a couple of days later.

Albert Battison, whose car was damaged by the driver of car No. 645 backing from an alleyway in Windsor into the street, which forced the Battison car across the street and into another car numbered 2940, damaging Battison's and the last numbered car. The owner of the car 645 used language which will result in an investigation by the state's attorney.

A. H. Thomas of Jeffersonville reported that in turning a corner his car was tipped over but no one was injured.

Merton F. Carr of Hardwick made a report on an accident that took place May 30 when his car collided with that of John W. Hannigan of South Woodbury. His story of the accident is that Hannigan's boy, who is cross-eyed, was driving the Hannigan car and that Hannigan has a wooden arm. Mr. Carr, although he paid for replacement of a tire, claims the blame is attached to the Hannigan car.

State's Attorney E. W. Gibson of Brattleboro reported the collision of the Pierce car with that of Edward Best of Brattleboro last Sunday. Pierce was in an accident two years ago when a Mrs. Rhodes was killed. He asked that an investigation be conducted.

OPIMUM SMUGGLERS SENTENCED.

Two of Them Sent to U. S. Penitentiary at Atlanta.

The respondents in the big opium cases in United States court having pleaded guilty yesterday, the jury was discharged until July 8, when a session will be held at Newport. Albertus Schipster of New York and Maxwell Auerbach of the same city appeared in court, pleading guilty to one count of the four against them of smuggling opium and its derivatives into this country on different dates. These are what are known as the big opium cases and the amount of opium they brought in would have sold to the consumer in New York for \$200,000 to \$250,000, while the valuation on it as it stands now in the progress of transportation is \$10,000.

Schipster was given a sentence of two years in the penitentiary at Atlanta, Ga., and to pay a fine of \$500, while Auerbach was given a year and a day in Atlanta and to pay a fine of \$500, which fines have been or will be paid shortly. This conviction is the result of the excellent work done by the office of Montreal, who has charge of the Montreal office of the U. S. customs service and who, with his assistants, has been working hard on the opium game since the new law went into effect to prevent the bringing of drugs into this country.

Schipster has a record, having been twice convicted for burglary, and his attorney told one of the officials that he had no business to get into the opium game.

PARADE COM. GETTING IDEAS.

Will Meet Monday Night and Invite Soldiers and Sailors to Be Present.

Returned soldiers and sailors are urged to meet in the K. of P. hall Monday evening at 8 o'clock to assist the parade committee in completing plans for the big homecoming reception and celebration in honor of the fighting men of Barre and surrounding towns July 4.

This invitation is also an urgent appeal, and it is favored by the chairman of the parade committee, for it is realized that without the co-operation of the soldiers and sailors themselves one of the finest features of Barre's celebration will not be a success. An interesting statement relating to entries, prizes, etc., will be issued shortly by the parade committee, but in the meantime a good deal of importance attaches to the meeting at K. of P. hall Monday evening. Let's go.

On the eve of the drive for funds with which to finance the demonstration, there will be a meeting of all the committees. Plans for the drive for Monday, June 16, as the day when the canvass will be launched. Every section of the city is to be covered by trained workers. Inasmuch as Barre's official welcome to its soldier and sailor sons will be absolutely free in every detail, the committee is counting heavily on the patriotism and generosity of the citizens. Every workman will be asked to contribute a dollar to the fund. Other donations will be large, and promises already received indicate that the people are alive to the wisdom of making this city's one big celebration a fitting and long-to-be-remembered tribute to the fighting men.

The general committee meeting will be held in Manufacturers' hall Friday evening at 7:30 o'clock, and it is urgently requested that every member of every committee attend.

SHIPMENTS HELD UP.

Because of Lack of Cars in the Barre District.

With little relief in sight, the Barre district is experiencing another car shortage and in some instances a number of important memorial shipments are held up. The shortage is generally ascribed to the slowing-down of through shipments from the Grand Trunk and as a result dependent upon freight cars bringing merchandise and produce from the West. Since the armistice all shipments, with the exception of foodstuffs, have suffered a marked falling-off, with the result that fewer empty cars have been available for re-routing to western points.

At the Granite Manufacturers' association office this morning the promise of 60 cars from the Grand Trunk afforded some hope of relief. Administration officials of New England, as well as officers of entering railroads have been enlisted in an organized effort to obtain cars.
